**TECHNICAL DETAILS**

DESCRIPTION

Perfect for bread-boarding, free wiring, etc. This spool of solid-core wire is easy to solder to. When bent it keeps its shape pretty well. We like to have a few spools of this stuff around. We suggest picking up wire strippers to match. Wire gauge is 22 AWG which we've found is the best all-around gauge, it works best with breadboards and perfboards but also fits in terminal blocks nicely

TECHNICAL DETAILS

- External Insulation Diameter: 1.5mm / 0.06"
- Weight: 51g

LEARN

FLORA Pixel Brooch
Maxiumum blinken, no soldering!

Sandblaster - 3D printed sand buggy
3D printed sand buggy!
