*The letter of acknowledgement is made in duplicate, one for each supplier and one for the customer.

Please use this product within the permitted range and environment according to the structure and material of the product. If the usage exceeds the recommended value, please test and verify by yourself. If the product is damaged due to out-of-range use, our company will not be responsible for the warranty.

Product material:

Customized products: The specifications and models of materials used are subject to the agreement between the two parties.

Conventional products: As a product that we continuously research and improve, under the premise of ensuring the quality and availability of the product, our company reserves the right to change the material. If the material specification and model change, without prior notice.

product data:

The measurement data and dimensional tolerances of the 2D drawings in the product data sheet of this acknowledgement are for reference only, and the final size shall prevail in kind.

The measurement data presented in this acknowledgment is a performance test of the product based on our company's internal test conditions and quality requirements, and the reported data is a typical value of the average results of multiple measurements. Therefore, in some cases, the actual product may deviate from the data provided. We reserve the right to notify you in advance of this data.

Product changes and improvements:

Changes and improvements of customized products are subject to the agreement between the two parties in the contract or technical documents.

As the conventional products that we continue to research and improve, our company reserves the right to make technical changes to its products, and reserves the right to make changes to data resulting from improvements without prior notice.

Operation cautions:

1. Please wear clean gloves during product assembly to prevent product surface contamination.
2. Try to avoid touching the optical surface of the lens when taking the lens.
3. When the surface of the product is polluted, please wipe it gently with a soft cotton cloth dipped in analytically pure neutral solvent. It is forbidden to use industrial solvents (alcohol, isopropanol, acetone, ether, toluene, xylene, carbon tetrachloride, MMA monomer, etc.) wipe.

Basic Product Info

Product Image :

- The application environment must conform to the allowable range of the corresponding material.
- Check whether the buckle of the lens holder and the buckle of the lens have been clamped in place
- The turnbuckle structure matched with the light source bracket and the lens bracket is only used for assembling auxiliary positioning. It cannot be used as a fixing device to receive force. You need to install a fixing device for the lens on the lamp, as shown in the following diagram. And the number of turns of each pair of brackets should not exceed 50 times.

Precautions :

Φ : 55mm*H : 26.30mm

PC black

D35 cob holder

25mm

Dimensions (L*W*H/Φ*H) :

Materials :

Cob holder :

Screw hole spacing :

Temperature resistance :

Limit temperature resistance : -40°C to +120°C

Long-term use temperature : -40°C to +100°C

Recommended COB :

Dark D55、Monny D55、Gemini D55、Glareless D55

Environmental friendly :

Comply with Rhos/Reach

Net weight :

100pcs/sack

Smallest packaging :

2000pcs/box

Packaging :

2D Drawing
