

ECO-FRIENDLY LEAD-FREE SOLDER PASTE

Lead-Free with Silver | Full Soldering | Minimal Residue
Non-Corrosive | Excellent Wettability

HW32S

1

Smooth And Full Solder Joints

Solder joints are bright and full, with no cold solder or false soldering issues

2

Moderate Viscosity

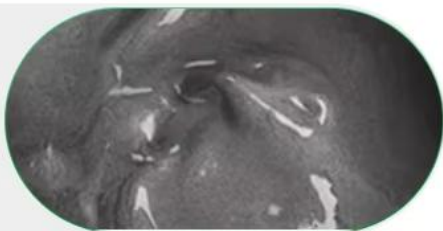

No slump or displacement

3

Superior Wetting Performance

Optimal solder paste wetting, resistant to clumping, easy to print, minimal bridging, and high yield rate

4

Eco-friendly Lead-Free Silver Solder

Completely free of toxic heavy metal lead. EU Eco-Certification compliant, meets RoHS standards. Environmentally responsible repairs.

5

Wide Range Of Applications

Suitable for SMT assembly, BGA soldering, LED mounting, and more

RELIFE

Eco-friendly Lead-Free Silver Solder

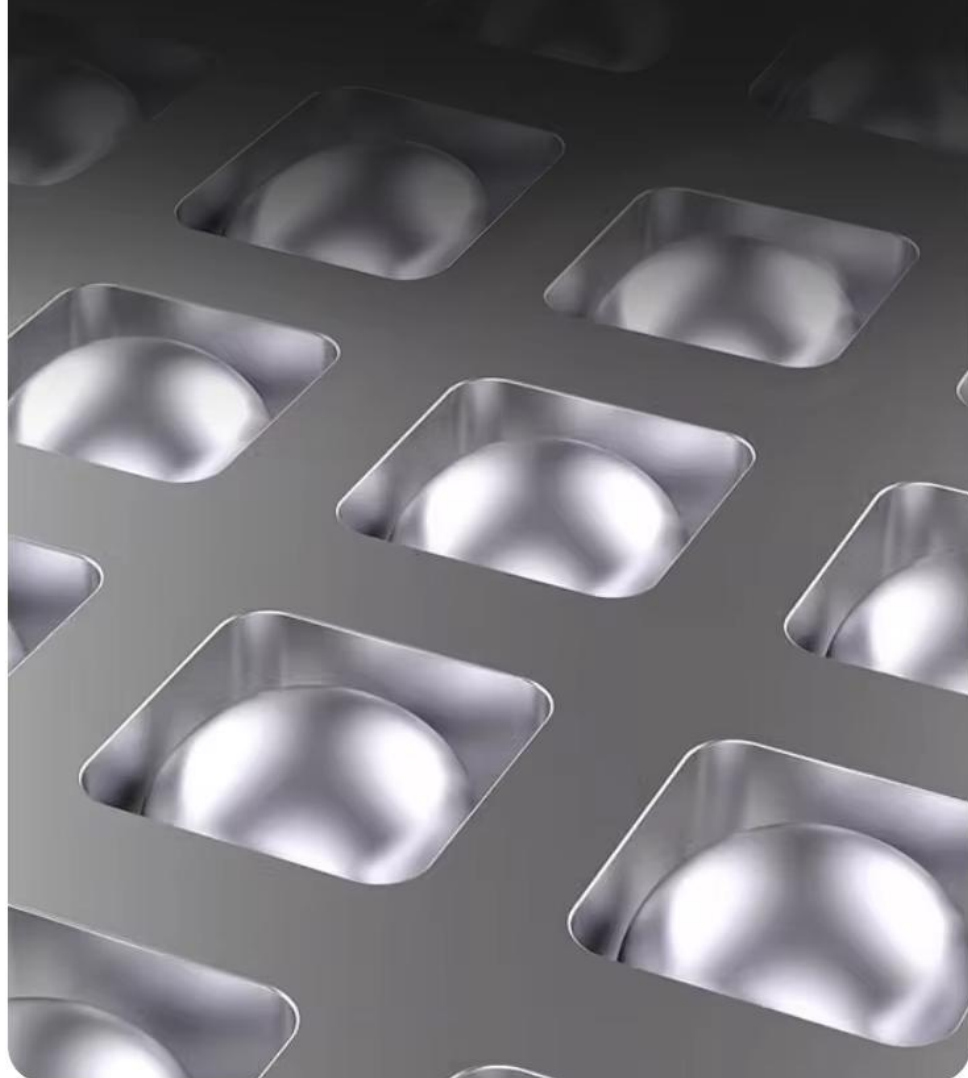

New silver-enhanced formula with higher specifications addresses key challenges in phone repairs. Lead-free (Complies with RoHS and other environmental regulations).

RELIFE

Smooth And Full Solder Joints

Solder joints are bright and full, with no cold solder or false soldering issues

RELIFE

Moderate Wetting, Slow Drying

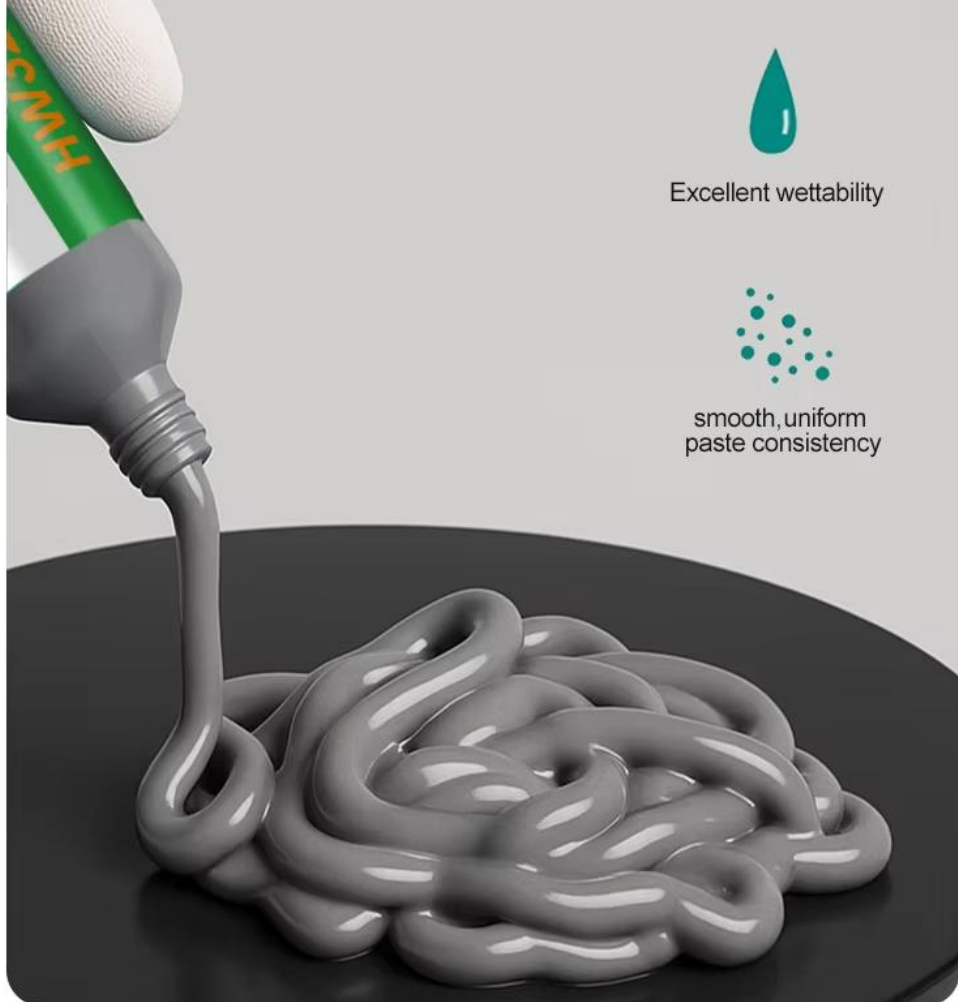

Optimal solder paste wetting, resistant to clumping, easy to print, minimal bridging, and high yield rate

Excellent wettability

smooth, uniform
paste consistency

RELIFE

Syringe-style Design For Push-to-use Convenience

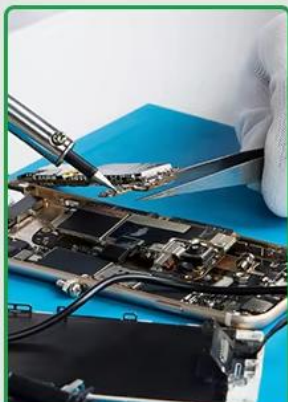

Used with a plunger rod, it dispenses product immediately and controls dosage to minimize waste

Wide Range Of Applications

Suitable for SMT assembly, BGA soldering, LED mounting, and more

Mobile phone repairs

BGA soldering

SMT assembly

Capacitive resistance

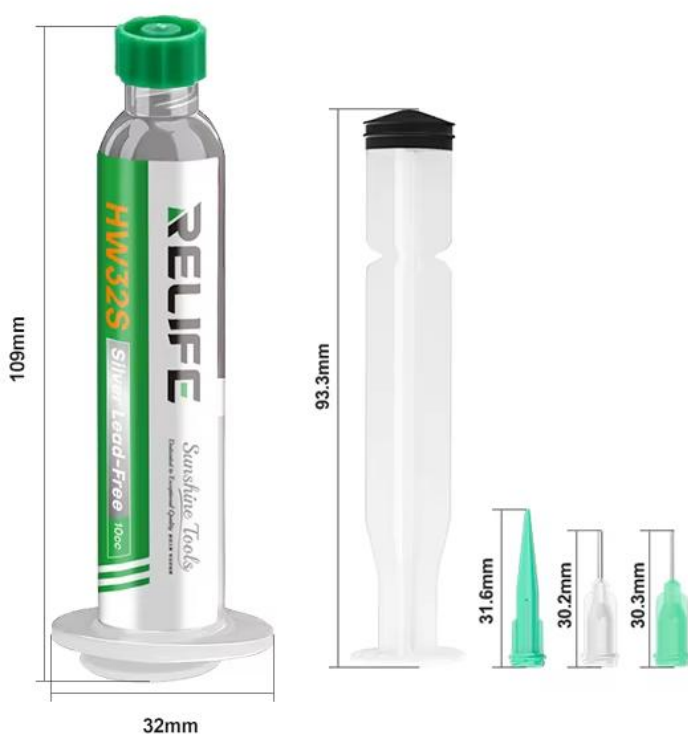

Cable welding

Chip LED

PRODUCT INFORMATION

Note: Manual measurement will have \pm tolerance, for reference only, please refer to the actual product

RELIFE

RELIFE

Brand	RELIFE
Product name	Lead-free solder paste
Model	HW32S
Net content	10CC
Gross weight	≈49g
Product size	32*109*23mm
Packaging size	165*95*25mm

RELIFE
