

OKY0003

Features:

1. Recyclable, environmentally friendly recycling
2. The structure is clear and easy to use
3. Breadboard can be assembled in fixed units

Uses: experiment, test, robot

Details:

- 1 Size: 20 * 15 * 12mm
- 2 Purpose: Experiments to test the robot
- 3 Number of holes: 25 holes
- 4 Layers: Single
- 5 insulation material: plastic (ABS)
- 6 insulation thickness: General
- 7 reinforcing material: composite base
- 8 7 kinds of colors : Black,White,Green,Yellow,Blue,Red,Bright Green
