

OKY2263

Product Name:Multifunction Expansion Board DHT11 LM35
Temperature Humidity Module For Arduino

Product Module: OKY2263

Product Description:

- 1.2-way button module.
- 2.2-way LED module.
- 3.Full Color LED Module.
- 4.IR receiver module.
- 5.Brightness sensor module.
- 6.LM35D temperature sensor module.
- 7.Passive buzzer module.
- 8.Rotary potentiometer module.
- 9.DHT11 temperature and humidity sensor module.
- 10.One I2C interface (A4 SDA, A5 SCL).
11. One TTL serial port.
12. Two channel digital ports (D7, D8).
- 13.One channel analog port (A3).
- 14.Reset button.
