OKY3073

Product Name:SHT15 SHT11 DHT21 AM2301 Digital Temperature Humidity Sensor Module For Arduino

Product Module：OKY3073

Product Description:

1. 4-pin package.

2. Ultra-low power.

3. Excellent long-term stability.

4. All calibration, digital output.

5. Completely interchangeable.

6. Long distance signal transmission.

7. Relative humidity and temperature measurement.

8. Measurement range: 0-100%RH.

9. Temperature measurement range: -40℃ ~ +80℃.

10. Humidity measurement precision: ±3%RH11. Temperature measurement precision: ±0.5℃.
