

OKY3163

Product Name:ISD1820 Voice Module Voice Board Sound Recording Module
On-board Microphone

Product Module: OKY3163

Quick Details:

Operating Voltage	3V
Color	Green, Black, Blue
Material	Plastic + iron + copper
Weight	19g
Dimensions	5.4 cm x 3.8 cm x 1.6 cm

Description:

100% Brand new and high quality

- 1.Board ISD1820 chip
- 2.On-board microphone, you can direct recording
- 3.About 10 seconds voice recording
- 4.High-quality, natural voice Restore can be used as a loudspeaker module
- 5.With a loop playback, jog playback, single-pass playback
- 6.The chip pin leads, through the microcontroller to control operation
- 7.Working voltage: 3 ~ 5V
- 8.Record up to 20 seconds of audio
- 9.Board size:54 x 38 mm

Package Included:

1 pcs ISD1820 Voice Module Voice Board Sound Recording Module On-board
Microphone
