

OKY3192

Product Name: Motor Control Module DC Stepper Motor Driver Board UL2003 Test Board

Product Module: OKY3192

Product Description:

1. Chip: High-power stepper motor driver chip.
2. Stepper motor With a standard interface.
3. Dimensions of the Board: 31 x 35mm.
4. Interface: A, B, C, D four-phase LED indicates the status of the stepper motor work.
5. Self-positioning torque: $>34.3\text{mN.m}$.
6. Color: Green.
7. Material: PCB + Steel.
