

## OKY4088-1

**Product Name:**8-Bit LED 8-Bit LED Digital Tube 8 Keys TM1638 Display Module

**Product Module:** OKY4088-1

### Product Description:

- 1.Size:75mmx48mm/2.95"x1.89"(inch)
- (approx).2.The rated voltage: DC12V.
- 3.Voltage range: DC7.0 V-13.6 V.
- 4.The input power: 0.24 A.
- 5.The rated speed: 9500 R.P.M.
- 6.Bearing structure: free maintenance dual ball bearings.
- 7.Rotation direction: the wind from stents place eduction, facing the rotor counter-clockwise.
- 8.The wiring way: + red-black signal: blue (blue line, the alarm line speed, it is necessary to pay attention to). Line about 20 cm long.
- 9.Material qualitative material: glass fiber reinforced plastic, PBT shell, PA blades.
10. Function explain : electronic reversing the rotor dc fans, complete electronic directional control components.
