

RELIFE

HIGH PURITY ROSIN

Easy to weld / prevent oxidation / reduce surface tension

RL-070 / Rosin repair flux

Suitable for repairing mobile phones and various electronic products

Easy to solder

High insulation resistance

Lead-free
environmental protection

Widely Applicable

Special welding rosin for maintenance to meet your various welding needs

Reduce Surface Tension

Increase solder fluidity and help solder to wet the weldment

Fast Fogging Detection

Fast heating, thick smoke, good effect

PRODUCT INFORMATION

Note: Manual measurement will have \pm tolerance, which is for reference only,
please refer to the actual product

BRAND	RELIFE
PRODUCT NAME	Rosin repair flux
MODEL	RL-070
NET WEIGHT	About 12.5g
GROSS WEIGHT	About 14g/Box
PRODUCT SIZE	45*17*14mm
PACKAGE SIZE	22.5*20*48.5mm/Box
APPLIANCE	Mobile phone repair, repair of various electronic products

PRODUCT DETAILS

In addition to oxide film

The substance of the flux undergoes a reduction reaction to remove the oxide film

Prevent oxidation

After it melts, it floats on the surface of the solder to form an isolation layer, thus preventing the oxidation of the soldering surface

High quality and high purity

Less impurities, environmental protection and no slag

Small and portable

Mini and lightweight, easy to carry
