

## **SKU3295: ADAPTADOR DE ENCAPSULADO QFP144, TQFP144, FQFP144, PQFP144 A DIP 144 PINES**

### **Descripción**

Conector hembra de prueba y IC Yamaichi, para encapsulado QFP144, TQFP144, FQFP144, PQFP144.

### **Características**

- Alta calidad y durabilidad
- Probado antes del envío
- Fácil de usar
- Paquete
  - QFP144
  - TQFP144
  - FQFP144
  - PQFP144
- Paso: 0.5mm

## Dimensiones (mm)

| Part Number      | Pitch | Pins | Applicable IC Dimensions (REF.) |         |      |   | Outside Dimensions (REF.) |  |
|------------------|-------|------|---------------------------------|---------|------|---|---------------------------|--|
|                  |       |      | A x B                           | C x D   | E    | F | G x H                     |  |
| IC51-1444-1354-7 | 0.5   | 144  | 20 × 20                         | 22 × 22 | 21.3 | - | 43 × 47                   |  |

  

The technical drawing illustrates the physical dimensions of the IC51-1444-1354-7 component. It includes three views: a top view showing the square footprint with dimensions A (pin pitch), B (package width), C (package length), and D (total width including pins); a side view showing the height E and the mounting tab height F; and a bottom view showing the pin layout with dimensions G (total height) and H (total width). The component is labeled 'YAMAICHI' on the bottom view.

|                                                                                                                                                          |                                                                                                              |                                                                         |                                             |
