

CAMERA DEDICATED

Ultra-thin knife-edge soldering iron tip/Universal 936 soldering iron/
Pure copper antimagnetic/Fast heat conduction

SS-900M-T-CK /Camera dedicated soldering iron tip

Lead-free
environmental protection

Heat up fast

Not magnetic

Smooth on tin

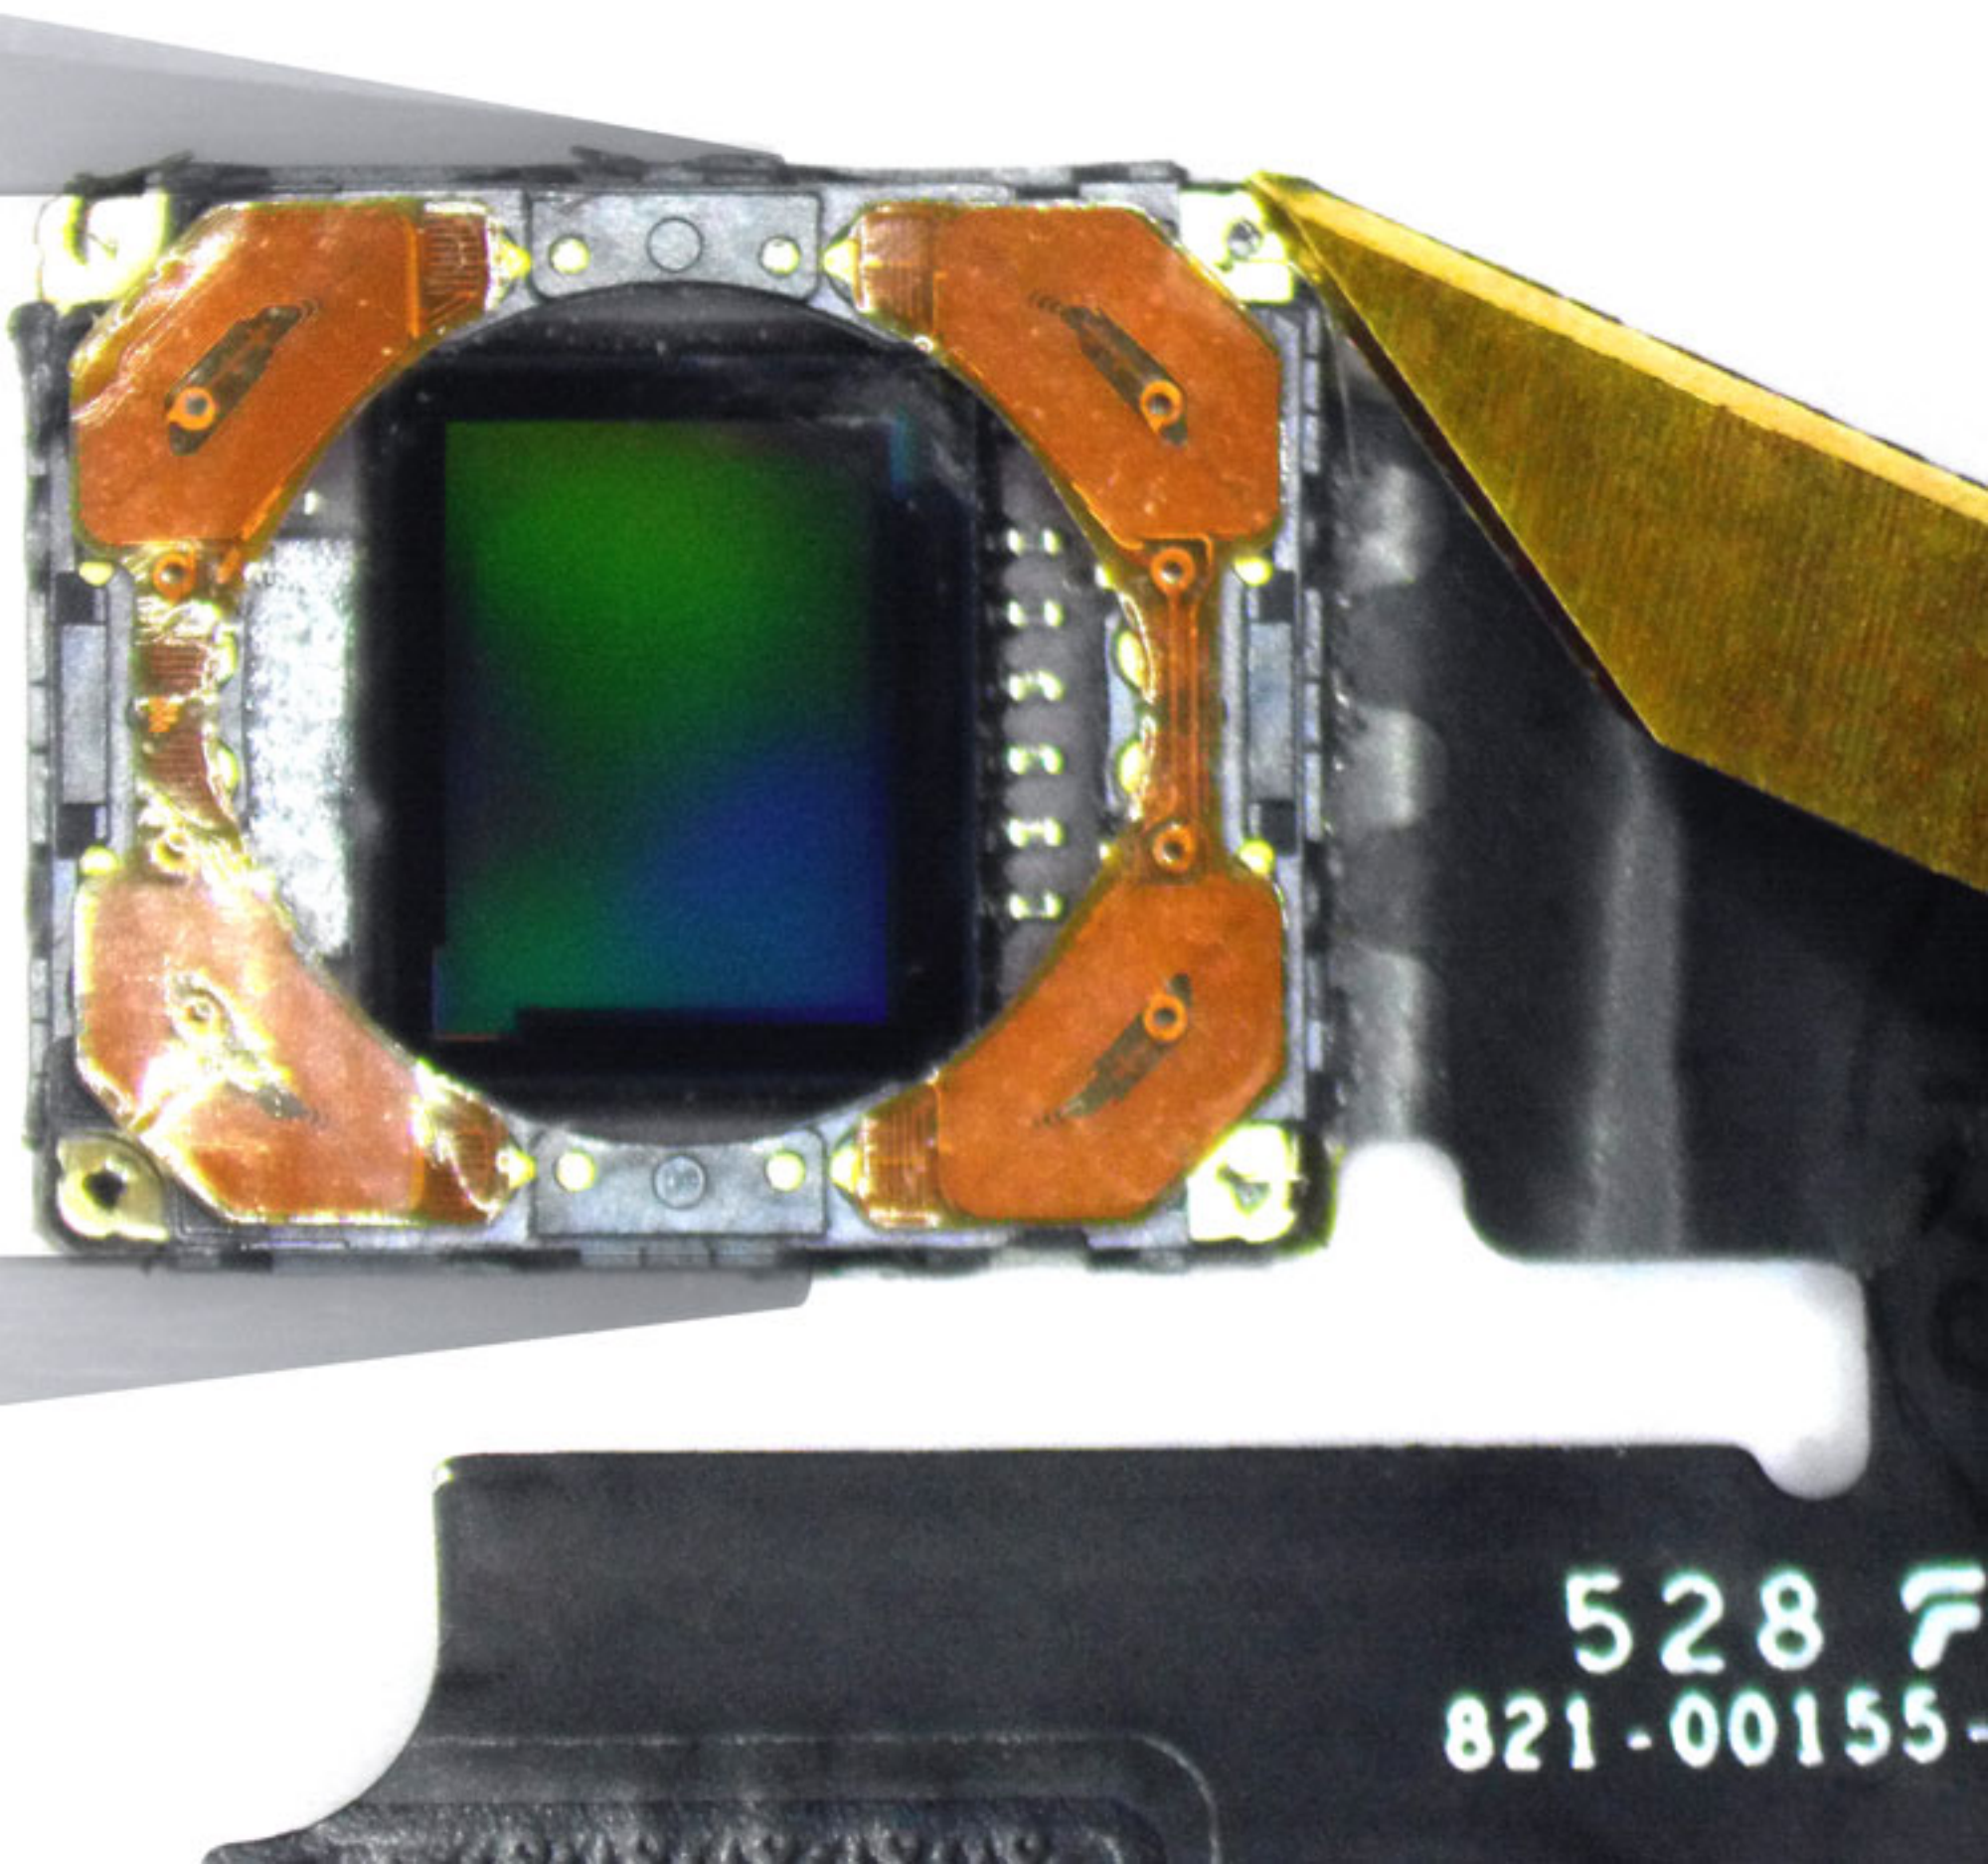

Oxidation resistance

Durable

Camera Repair Dedicated

Special cutter head, dedicated for cell phone lens repair

Rapid Temperature Rise

2 seconds to heat up, fast desoldering, fast heat conduction, high efficiency

Oxygen-free Pure Copper Does Not Attract Magnetism

Pure copper is non-magnetic and non-plating, welding and magnetically conductive products will not stick

936 Universal Internal Heating Type

936 series internally heated electric soldering iron is universal,
fast heating up and smooth welding

CNC Machining Process Synthesis

Ensure the precise fit of the product when desoldering, CNC precision machining and professional measurement at the same time to ensure the product tolerance range

PRODUCT INFORMATION

Note: Manual measurement will have \pm tolerance, which is for reference only,
please refer to the actual product

110mm

65mm

BRAND	SUNSHINE
PRODUCT NAME	Soldering iron tip for camera
MODEL	SS-900M-T-CK
NET WEIGHT	About 5g
GROSS WEIGHT	About 12g
GROSS WEIGHT	6.3*6.3*42.5mm
PACKAGE SIZE	110*65*16mm
